## \$7,800 DONATED TO HOSPITAL BY WOMEN'S GROUP

A \$7,800 subscription was made this week to the Annie M. Warner Hospital Building Fund by the Women's Auxiliary of the hospital.

This memorial gift will establish a private patient room with the most modern facilities on the first floor of the hospital's new south wing in the name of the auxiliary.

Submitting the contribution to Henry M. Scharf, chairman of the Memorial Gifts Committee, Mrs. Clark S. Smith, recently elected president of the auxiliary, said that, at a meeting last week, a committee had been appointed to select one of the many units offered area residents in the new wing under the memorial plan.

Serving on the committee were: Mrs. Fred G. Pfeiffer, Mrs. Henry M. Scharf, Mrs. John D. Teeter and Mrs. Leroy H. Winebrenner.

**Offer Memorial Plan**  
The memorial plan offers individuals, families, corporations and civic groups the opportunity to create beds or rooms for patients or other facilities of the enlarged hospital by subscribing amounts necessary to build and equip them.

Marked by suitable tablets, such units may be dedicated in memory of relatives or friends who have died, in honor of those now living, or may be in the subscriber's name.

In accepting the auxiliary gift, Mr. Scharf said, "all of us living (Continued On Page 7)

## 14 NATIONAL PARK WORKERS GIVEN AWARDS

Fourteen employees of the Gettysburg National Park today were presented with pins for long service to the Department of Interior.

Ellis G. Starnes, a guard for the battlefield for the last 36 years and two months, and Francis X. Yingling, a maintenance man for the park for 32 years and four months, were each presented with blue pins symbolizing 30 years or more of service.

Six were presented with red pins for 20 years or more of service. They were J. Walter Coleman, superintendent, who has been a park employee for 24 years, four months; Samuel G. Sollenberger, assistant superintendent, an employee 29 years, 11 months; Thomas R. Treher, administrative assistant, 22 years, four months; Jacob A. Small, carpenter, 21 years, seven months, and Olive Smith, building custodian, 20 years, four months.

Six received white pins for ten years or more of service. They were Jay L. Wisler, foreman, 13 years, two months; Dorsey L. Rebert, mechanic, 12 years, ten months; Sterling P. Plank, painter, 11 years, seven months; Paul P. Eckenrode, maintenance, 15 years, 11 months; Lloyd J. Brantner, 13 years, five months; Lloyd C. Strausbaugh, 14 years, three months.

The presentations were made by Dr. Coleman as superintendent at the "Utility Building along the Taneytown Rd. and the national park office.

### TO MARK BIRTHDAY

Mrs. Harvey Bollinger, N. Washington St., matron at the court house for 20 years, will observe her 80th birthday on Thursday.

## Seek Vaccine To Inoculate Gettysburg College Students

Reports that several members of the college football squad are ill with flu were discounted today by Dr. James H. Allison, team physician. One player has tonsillitis, he said. No others have flu. A few have colds but are not confined.

Dr. Allison said he is trying to secure sufficient vaccine to inoculate the entire student body against the outbreak, in some areas, of Asian flu.

**PITTSBURGH (AP)**—Respiratory illnesses are sweeping schools in parts of western Pennsylvania causing thousands of absences. And at least one outbreak is reported in the state's central region.

So far there has been no indication that Asian flu is among the illnesses. This disease requires extensive laboratory tests consuming up to two weeks to diagnose.

For the most part, it is believed those stricken are suffering from colds, gripe and common flu.

### High Schools Hit

Hardest hit are high schools in northern Allegheny County and southern Beaver County. Other trouble spots are reported in Westmoreland and Fayette Counties.

## Give Concert In Fairfield Sunday

A choral program of sacred and secular music will be presented in the Fairfield Jointure High School Auditorium Sunday evening at 7:30 o'clock by the Adams County Lutheran Choir of seventy voices, under the direction of L. Robert Snyder, Littlestown.

Robert Mann, of the Gettysburg Seminary, will accompany the choir on the piano.

The soloists will be Miss Jean Slaybaugh, Arendtsville, and Thomas Trout, Gettysburg.

Also featured on the program will be special piano numbers by Miss Helen McClellan and cornet numbers by Hugh Roberts, Littlestown.

The public is invited.

## TWO DONATIONS ARE VOTED BY EXCHANGE CLUB

At its regular meeting Tuesday evening at Bankert's Restaurant, the Gettysburg Exchange Club voted to purchase a cardiac pacemaker and cardiac defibrillator for the Warner Hospital and voted \$250 to the Gettysburg Community Chest.

The two pieces of equipment for the hospital, estimated to cost \$800, will be used during operations. The pacemaker records the activity of the patient's heart and the defibrillator is used to stimulate by electrical impulses the activity of the patient's heart if it should stop during the operation. At the present time it is necessary to make an incision and massage the heart by hand if it should stop during an operation. The defibrillator is attached to the patient's chest.

Both donations were made from funds raised by the club at its annual Builder's Show.

**3 To Board Of Control**  
President Carl E. Prosser appointed Richard A. Hartley as chairman of the Halloween float committee which includes Stanley Wolf and Robert Taylor.

E. Donald Scott appointed chairman of the ladies' night committee which includes Alexis Chritzman, Millard Chronister and Willis H. Zimmerer. A tentative date has been set for early December.

Frank L. Groft, Cletus S. Mayer and John R. Korver were elected to the board of control for one-year term.

**Plan Joint Meeting**  
President Prosser read a letter of thanks from Ben Jones, head football coach at Gettysburg High School, for the Kodascope analyst projector donated by the club to the athletic department. Jones said the projector will be a "big help in developing an aggressive football team."

Next week the club will participate Monday evening at 6:30 o'clock in the joint service club dinner to be held in the Gettysburg High School cafeteria. The meeting will open the 1957 Community Chest drive in Gettysburg.

### OBSERVE BIRTHDAYS

Mrs. C. U. Spence, Orttanna, and E. J. Neagle, Orttanna R. 1, observed their 84th birthday anniversaries last Saturday. Mrs. Spence has been an invalid for eight years and has been confined to bed and a wheelchair. Mr. Neagle enjoys excellent health. Both are natives of Orttanna.

## BISHOP, MONK WILL CONDUCT SERVICES HERE

Special services will be conducted in the Prince of Peace Episcopal Church Sunday with the suffragan bishop, Rt. Rev. Earl M. Honaman, of Williamsport, Pa., and Rev. Fr. Kenneth R. Terry, a Monastic Episcopal monk, of West Park, N. Y., officiating. The latter is a member of the Order of the Holy Cross.

Bishop Honaman will officiate at

REV. FR. TERRY

the Holy Eucharist service at 7:45 o'clock Sunday morning.

At the 10:45 o'clock service Bishop Honaman will confirm a class of 25 and will deliver the sermon.

Church School will be conducted in the Parish House at 10:45 o'clock.

Rev. Fr. Terry will conduct the three-day school of religion at the church beginning Sunday evening.

He conducted a similar school here for a week last November.

The first service in this year's school will be held Sunday evening at 7:45 o'clock. It is known as Evening and the Holy Cross monk will be in charge. Following the service a reception will be held in the parish house where refreshments will be served.

Similar services will be conducted by Rev. Fr. Terry Monday and Tuesday evenings.

Rev. Fr. J. Harold Mowen is the vicar of the local church.

## SEPTEMBER'S TRAFFIC TOLL SHOWS DECLINE

While traffic seemed to maintain normal proportions on Adams County highways during September the number of auto accidents showed a decline under the preceding month, August, and under the same month a year ago.

During last month, state police were called from the Gettysburg sub-station to investigate 26 accidents in which one person was killed, 19 were injured and damage totaled \$18,200.

During August there were 39 auto accidents investigated by the officers in which four persons were killed, 45 injured and damage totaled \$36,585. During September a year ago there were 36 crashes in which three were killed, 28 injured and damage totaled \$29,673.

### '57 Total Still High

Despite the decline in accidents during September, the number of crashes on county highways so far this year exceeds the number during the comparable period a year ago. In the first nine months of 1957 there were 262 collisions between autos. During the same nine months of 1956 the number of accidents to which the officers were called was 258.

The one death caused by an auto accident last month brought to 18 the number of persons who lost their lives in auto crashes in the (Continued On Page 3)

## First National Declares Dividend

Directors of The First National Bank of Gettysburg, at their regular weekly meeting Tuesday morning, voted to pay a special dividend of 2 per cent October 15. It will be paid to stockholders of record as of September 30, Edmund W. Thomas, president, announced today.

This is the second dividend declared this year, Thomas said. In June the directors voted to pay a three per cent dividend.

## MISS M'KENRICK APPLE DESSERT QUEEN FOR GHS

(See Picture on Page 3)

Darris Jean McKenrick, 18, daughter of Mr. and Mrs. Howard McKenrick, Orttanna R. 1, was named as the apple dessert queen of Gettysburg High School Tuesday.

Miss McKenrick, a senior at the school, will represent the local high school October 15 in the county contest at Delone Catholic High School, McSherrystown. The winner there will enter a regional contest preceding the state contest October 26.

The new queen, who is also president and past secretary of the Future Homemakers of America Chapter at the local high school, represented the local high school's FHA at Penn State this summer during FHA week. She lists her hobby as baking, and says her brother is one of her best "customers" for the products of her hobby. She is a student of Miss Eva Jane Schwartz.

Helen Louise Myers, 17, daughter of Mr. and Mrs. John C. Myers, Gettysburg R. 3, was runnerup in the Gettysburg contest. She lists her hobbies as cooking, baking and playing "hubbly" records, and adds that she had been doing most of the cooking for her family—which includes her parents, three sisters and three brothers—for the last several (Continued On Page 3)

## County Treasurer Injured In Crash

County Treasurer Jacob G. Apple, E. Broadway, suffered chest injuries Tuesday evening when his car crashed into a tree near the Lawrence Helzel property, Gettysburg R. 3.

Apple was driving west on the road along Keckler's Ridge, when the wheel of his auto apparently was twisted by a stone, wrenching the steering wheel from his hands. Before he could recover control of the car it had swerved off the narrow road and crashed into a tree. The car was demolished.

The county treasurer was treated at the Warner Hospital for bruises to his chest, where he struck the steering wheel, and then returned home. He was scheduled for X-rays today at the hospital to determine whether any ribs were cracked by the impact.

### Troops Will Stay In Little Rock Until Faubus Assures President He Will Obey Court

WASHINGTON (AP)—President Eisenhower held firmly today to a demand for a stronger stand by Arkansas' Gov. Orval Faubus as the price of withdrawing federal troops from Little Rock.

High hopes for settlement of the monthlong federal-state controversy over integration of Little Rock's Central High School collapsed last night in what might be a disagreement over words—or could be a dispute over intentions.

A settlement plan was worked out yesterday at a lengthy conference between Eisenhower and a four-man committee from the Southern Governors' Conference.

It called for a declaration from Faubus that he would not obstruct orders of the federal courts which have ordered school integration, and would maintain law and order in Little Rock. The President in turn promised to return the federalized Arkansas National Guard to state control and to withdraw federal troops "as soon as practicable."

The governors' committee said Faubus had agreed to the plan, and the Arkansas governor later issued his own statement in Little Rock.

But hours later Eisenhower said Faubus' statement "does not constitute in my opinion the assur-

## Dietz Borowski, 17, German Exchange Student At GHS, Likes American School Setup

After nearly a month in Gettysburg High School, Dietz Borowski, 17-year-old German exchange student, is sure the schools here suit him better than in Germany on at least two scores.

In Germany there is almost no social life in the secondary schools and there is no co-education. And Dietz likes both as he finds them here.

A friendly, alert, young fellow with an infectious grin, Dietz has found it easy to make friends at the high school where he is a member of the Senior class and where he expects to earn a diploma next June along with other members of the graduating class.

## TELLS STORY OF BATTLE HEROINE FOR HISTORIANS

The story of a heroine of the Battle of Gettysburg, Mrs. Lizzie Thorn, was told Tuesday evening for members of the Adams County Historical Society at the court house by Miss Margaret McMillan.

Miss McMillan told how the courageous 31-year-old mother of three young boys baked bread for Union troops and then served as a guide for troops of Gen. Oliver Otis Howard on July 1, 1863. At midnight on July 1 she prepared a meal of doughcakes, meat, apple-butter and cookies for Gen. Howard, who often visited the Thorns home after the war.

Mrs. Thorn, whose husband was serving elsewhere with the Union Army at the time of the battle here, left her home at the "gate way house" at Evergreen Cemetery under Gen. Howard's orders on July 2 and made her way with her family south on the troop-choked Baltimore "pike to the Beller farm where they stayed until July 4.

**Grandson At Meeting**  
Miss McMillan also told how Mrs. Thorn, whose husband, Peter, was caretaker of the then eight-year-old "Ever Green" Cemetery, staked out lots, dug graves for and buried 105 soldiers in the citizens' cemetery after the battle in addition to caring for wounded soldiers. Three months after the battle, her fourth child was born.

Mrs. Thorn received no extra pay for her post-battle extra duties but the cemetery association continued the regular \$13 per month salary.

A grandson of Mrs. Peter Thorn, Charles F. Thorne 314 Baltimore St., was among the 30 persons who attended the historical society meeting. (Continued On Page 9)

### Will Observe Veterans' Day November 10

Preliminary plans for the annual Veterans' Day program here November 10 were outlined Tuesday evening at a meeting of the joint VFW and American Legion committee at the VFW home, E. Middle St.

**Invite Nearly Posts**  
VFW, American Legion, Amvets and Catholic War Veterans posts in the area extending from York to Harrisburg, Chambersburg and Frederick will be invited to participate. Last year approximately 14 veterans groups participated.

Because the program is a Veterans' Day affair, the committee decided to limit participation in the parade to veterans groups only, with the exception of bands.

The parade will form at E. High and S. Stratton Sts., and move to York St., then to Lincoln Square, on Baltimore St. to the National Cemetery, arriving there about 2:30 o'clock.

### Service In Cemetery

At the cemetery the Memorial Ritual will be presented with the officers of the local Legion and VFW and the color guards of the two units participating. Patrick McDermitt will be master of ceremonies and Commander John Guise of the Legion will introduce the speaker.

Burgess William G. Weaver, a past commander of the Legion post will be the parade marshal. Earl Sollenberger, York Central Vice Commander of the state American Legion, will speak at the cemetery exercises.

Following the parade the program for visiting Veterans units will be served at the Legion home, Baltimore St.

### WOMAN X-RAYED

The Gettysburg Fire Department ambulance removed Mrs. Jacob Yingling, 338 S. Washington St., from her home to the hospital and return Tuesday for x-rays taken to determine extent of injuries suffered by Mrs. Yingling in a fall.

## Ike Leads U. S. In Day Of Prayer

WASHINGTON (AP)—President Eisenhower led Americans today in a National Day of Prayer, at a service which put implied emphasis on racial integration problems.

The President, still embroiled in the situation at Little Rock, Ark., to which he devoted most of yesterday afternoon and evening, attended a special 8:30 a.m. prayer meeting at the National Presbyterian Church. He is a member of that church.

The service was held in observance of a National Day of Prayer proclaimed by Eisenhower himself last August 8 under a 1952 act of Congress. The proclamation had on Americans to "unite in prayer and meditation on that day," each according to his own faith.

## 4 MEN RECEIVE GIFT FROM GIRL SCOUT COUNCIL

Four men were presented with Girl Scout statuettes for their outstanding work in connection with the development of Camp Happy Valley at the annual dinner meeting of the Adams County Girl Scout Council Tuesday evening in the Keefeauver School. One hundred fifteen attended.

Mrs. Gordon Webster, camping chairman, presented the men, all members of the campsite committee, with the statuettes on behalf of the county council. The recipients were: R. Thomas Adams, chairman of the campsite committee, Arthur Phiel, Robert Baltzley and M. Hardy Nichols.

Mrs. Arthur Phiel reported that during the summer 269 Girl Scouts and 76 adult leaders took part in troop camping; 561 scouts and 86 adults participated in day camping and seven troops held picnics, hikes or cookouts at the campsite.

### Receive \$75 Donation

A donation of \$75 toward the campsite building fund has been presented by Intermediate Girl Scout Troop 71 of Bendersville, it was announced. Mrs. Marvin Fox and Mrs. Robert Thompson are the leaders for the unit which raised the amount through a peanut sale.

Mrs. Ross Schwartz, Biglerville, president of the council, expressed the appreciation of the scouts to the leaders for their "outstanding work and devotion to Girl Scouting" during the last year. She reported there are now 1,047 girls (Continued On Page 7)

## WILL VISIT POST OFFICES

Congressman S. Walter Stauffer announced today he will visit all the post offices in Adams County during the present recess of Congress. The visits are unofficial and are solely for the purpose of making himself available to any constituents who wish to have an interview with him.

### REPORT THEFT

The Sigma Nu Fraternity, 43 W. Broadway, notified borough police Tuesday evening that an aluminum tubular chaise lounge and chair, both with red and white plastic webbing, had been stolen from the fraternity sometime between Friday night and Tuesday.

### TO PLAN HALLOWEEN

The Gettysburg Association of Clubs will meet this evening at 10:15 a.m. at the Warner Hospital 7:30 o'clock at the Veterans of Foreign Wars Home, E. Middle St., to complete plans for the Halloween activities sponsored by the clubs for the community.

### Shouts And Jeers Greet 9 Negro Little Rock Students

LITTLE ROCK, Ark. (AP)—Nine Negro students were greeted with shouts and hoots today at Central High School but they entered the school without any disorder. It was the eighth day of troop-enforced integration.

Federalized Arkansas National Guardsmen were back on duty at the big high school for the second day in a row. They relieved regulars of the 101st Airborne Division yesterday.

For several days the six Negro girls and three boys have used the main entrance to Central High, making their way each morning through a mass of between 75 to 150 white students.

As the Negroes left a National Guard station wagon this morning, shouts and hooting arose from white students.

The Negroes, unescorted, took a sidewalk leading to their left and headed for a side entrance. When the white students noticed this, the jeering grew in volume and there were cries of "chickens!" However, the Negroes got into the school without any disorder.

### Reaction Varies

Reaction in this Southern city to President Eisenhower's offer of compromise and his subsequent announcement that federal troops would remain varied widely. It ranged from approval by a Negro leader to a comment that Eisenhower could do nothing else but backtrack under the circumstances, and also drew pledges from segregation advocates that resistance would continue.

The President, after conferring with four Southern governors, announced he would withdraw federal troops from Central High (Continued On Page 3)

## COUNTY HOME STUDY TO TAKE 8 MORE WEEKS

The Citizens Study Committee for the Adams County Home today made its first recommendation and was granted from six to eight weeks to complete its study of all aspects of the present and future of the county home.

A. W. Butterfield, chairman of the committee, appeared before the commissioners at the courthouse this morning to ask extension of the date for the full report by his committee.

When set up by the commissioners June 5, the committee had been asked to make its report October 1. Butterfield said that "much progress" had been made by the group but "the study is bigger than we had anticipated, and the search for full details has consumed more time than we had hoped. We ask permission to extend the completion of our study to a date six to eight weeks from now."

### To Add Practical Nurse

The extension in time was granted, with the commissioners informing Butterfield that they were pleased with what they had learned so far of the thorough and detailed manner in which the study is being made.

Butterfield said the committee had one recommendation to make prior to its final report. The study had shown "the need for a practical nurse at the county home. Many of the guests at the home need such service, and with the age of guests increasing it is likely that the services of a practical nurse will increase rather than diminish."

Accepting the recommendation, the commissioners voted to establish such a post at the county home and will employ a practical nurse for the county home as soon as one can be obtained.

### Five On Committee

Members of the non-partisan committee include Butterfield, a Gettysburg R. D. farmer and Gettysburg College instructor; Dr. C. G. Crist, Adams County coroner; Mrs. John S. Rice, prominent in many community activities; Lee M. Hartman, local realtor, and Mrs. Carl Baumgardner, active in Littlestown community affairs.

The committee's original instructions, still unchanged, are to make a "thorough and intensive study of the Adams County Home situation," and then to present its report and any recommendations to the commissioners.

### Hospital Treats 3 For Injuries

Judy Corwell, 10, daughter of Mr. and Mrs. Harry T. Corwell, R. 2, was treated at the Warner Hospital Tuesday evening for first and second degree burns of her right leg and foot. She was burned by hot water.

Leroy Angell 24, R. 1, received treatment for a laceration of the left thumb sustained while using a power saw Tuesday.

Joseph Glacken, 27, Emmitsburg, was treated Tuesday evening for a laceration of the left knee. He was injured while using a hatchet.

## 600 ATTEND AS 40 HOURS ENDS

The Most Rev. Lawrence F. Schott, auxiliary bishop of the diocese of Harrisburg, officiated at the solemn benediction concluding the annual Forty Hours Adoration of the Blessed Sacrament Tuesday evening at St. Francis Xavier Catholic Church.

More than 600 crowded into the church for the solemn conclusion of the special services which began Sunday morning following the High Mass.

Rev. Fr. Louis Forgeng, former assistant pastor here, and Rev. Fr. Michael Barrett, St. Patrick's, York, served as the deacons for the benediction.

Rev. Fr. Geiger, C.S.S.R., of the Redemptorist Fathers who conducted the special services gave the concluding talk in the series delivered during the Forty Hours.

Children of the Parochial School here and the members of the Holy Name Society participated in the procession.

Twenty-four priests, two monsignors and Bishop Schott participated in the concluding service.

## Firemen To Finish Next Week's Plans

Final plans for the fire prevention week activities next week will be outlined this evening at the fire drill to be held by the Gettysburg Fire Department at the engine house, E. Middle St. at 6:30 o'clock.

Fire Chief Donald W. McSherry, in urging all firemen to turn out for the drill, said assignments will be made in anticipation of the public demonstrations to be held on Lincoln Square next Monday evening through Thursday evening, and a "dry run" of some demonstrations will be held to determine how best to present to the public methods of use of fire equipment.

## District Committee Of Scouts To Meet

Institutional representatives of the various Boy Scout units of the county are urged to be present to give reports of the activities of the units they represent at this evening's meeting of the Black Walnut Boy Scout District Committee at the engine house, E. Middle St., at 8 o'clock, the district vice presidents, Dr. W. E. Tilberg and Charles Ritter have announced.

A board of review will be held under direction of Dr. Frank N. Hewetson at the engine house at 7 o'clock preceding the district meeting. Plans for the camporee to be held at Bendersville in November will be outlined at the district meeting.

## SET RECORD, 4 SONS, 2 YEARS

**PARIS, Tex.** — Harassed young mothers can take comfort that they don't have Mrs. Jack Beeman's plight.

When someone upsets the cookie jar, she has a double problem trying to pin down the culprit — two sets of identical twin boys.

The first pair, Donald and Ronald, are 4 years old and the second set, Jerry and Terry, are 3.

When Mrs. Beeman and her husband had been married only two years, they had four sons. Ronald and Donald were born Aug. 14, 1952, and Jerry and Terry made their entrance Aug. 30, 1953.

**Multipled Task**

Looking after four energetic boys so near the same age is difficult for one person, Mrs. Beeman says. But her task is multiplied because she has a hard time telling them apart.

But she takes her problems in stride. Twins are the rule in her family rather than the exception. There were five sets of identical twins in her family and two in her husband's family. The Beeman family originally is from Abilene.

## DECLARE SYRIA IS NO THREAT TO NEIGHBORS

**UNITED NATIONS, N.Y.** — Three pro-Western Arab governments were expected to tell the U.N. today that leftist Syria is no threat to her Middle East neighbors.

Saudi Arabia was slated to lead the Arab trio in the general debate before the 82-nation Assembly. Jordan and Iraq were to follow.

In an Assembly speech last week, U.S. Secretary of State Dulles declared the flow of Soviet arms into Syria might unwittingly lead the Arab recipient into acts of direct aggression.

Neither Syria nor Egypt, the Arab nations friendliest to the Soviet bloc, have spoken in the general debate.

Syria canceled two appearances scheduled last week. Observers believe Syria's delay is a result of Saudi Arabian King Saud's visit last week to Damascus, where he reportedly tried to find a basis for friendly relations between Syria and the United States, Jordan and Iraq.

There have been indications that Saud appealed to President Eisenhower to modify the U.S. government's hostility to the Syrian regime.

Observers at the Damascus parley reported a subtle change appeared to be taking place in Syria's viewpoint towards the West, with indications she was opening the door for new negotiations.

In another development, the General Assembly agreed to debate the Soviet-proposed question of peaceful coexistence and non-interference in the affairs of other countries. Another U.S.-Russian clash between Russia and the United States was anticipated when the Assembly's Political Committee takes up the item.

## FIRM ACQUIRES UTAH COMPANY

**NEW YORK** — Ogden Corp., an industrial holding company, yesterday announced acquisition of the Elmco Corp. and American Foundry & Machine Co., both of Salt Lake City, Utah.

Elmco manufactures overhead loading and excavating equipment used in highway construction and mining, and makes filtration equipment for water treatment, chemical and mining processes. American Foundry & Machine produces grey iron and steel castings, almost all of which are used by Elmco.

The two companies are managed by Joseph Rosenblatt, president of Elmco, and Morris Rosenblatt, Elmco executive vice president. For the first half of 1957 the Salt Lake City concerns had total sales in excess of 15 million dollars and net income after taxes of around \$1,300,000.

Ogden Corp. subsidiaries include Luria Brothers & Co., which operates a world-wide scrap steel and iron business.

## Truck Driver Is Killed Instantly

**BOUND BROOK, N.J.** — A truck driver was killed instantly early today when his coal-laden vehicle crashed into an overpass column on foggy Route 22.

Police said that 49-year-old Raymond Drozinski of Avoca, Pa., was almost severed at the waist by the crash impact.

After Drozinski's west-bound truck rammed the abutment, his 20-ton cargo was strewn over the highway.

Two eastbound trucks grazed the fog-bound wreckage, but no damage resulted, police said.

jection was based at least in part on a couple of words in Faubus' statement.

**Wanis Troops Withdrawn**

Faubus said at Little Rock "I now declare that upon withdrawal of federal troops, I will again assume full responsibility, in cooperation with local authorities, for the maintenance of law and order, and that the orders of the federal courts will not be obstructed by me."

Gov. Luther Hodges of North Carolina said in the television interview that Faubus had added the words "by me" to the agreed statement. He said he believed Faubus had done so unwittingly, but that the added words may have caused the White House objection.

**LONDON** — The Treasury announced today that Britain's gold and dollar reserves fell by 292 million dollars during September.

The reserves stood at \$1,850,000,000 on Sept. 30.

It has been accepted by some economists that two billion dollars is the minimum figure to which the reserves could fall without endangering the value of the pound.

years. She is a member of the Dancing club at the high school and plans to be a secretary. The apple dessert queen made apple dumplings, using cinnamon candy as one of the ingredients in a part cinnamon-part cinnamon candy mixture to replace the normal amount of cinnamon that is used ordinarily in making dumplings.

Miss Myers made an apple pie, adding cinnamon instead of the usual nutmeg in her recipe. She is a student of Miss Jane Weisel.

The judges for the contest were Mrs. Helen Tunison, Mrs. Frederic E. Griest Sr. and Miss N. Louise Ramer.

Mrs. Griest is state chairman for the apple dessert contest sponsored by the Pennsylvania State Horticultural Society.

## ESCORTED FROM TOWN

John Joseph Conroy, Baltimore, arrested Sunday afternoon by borough police on a disorderly conduct charge after he had entered a number of local homes and asked for coffee, was found guilty Tuesday morning at a hearing before Justice of the Peace Robert P. Snyder. He was fined \$5 and costs and in default of payment sentenced to three days in jail. Since he had already spent three days in jail, he was escorted to the borough line by police and advised to avoid Gettysburg in his future travels.

istration fee as soon as possible. It was decided to change the meeting time from 3:45 to 3:30 p.m. each Tuesday. At the conclusion of the business, group games were played.

Mr. and Mrs. Richard Barr and Brant Vulcan, New York City; William Smith, Millerville State Teachers College, and Miss Mary Jane Weston, Mary Baldwin College, Virginia, were weekend guests of George Harner at the home of his mother, Mrs. Bertha Harner, Park Ave. All of the group, including Mr. Harner, served as counselors at Camp Jened, a summer camp for crippled children, at Hunter, N. Y., except Brant Vulcan, who is blind, and was one of the campers. The group, together with Mr. and Mrs. Harry Weisen-dale, Hanover, toured the Pennsylvania Dutch country and the Gettysburg Battlefield during the weekend.

## SEPTEMBER'S

(Continued From Page 1)

county so far this year. That compares to 15 during the first nine months of last year.

Damage caused by the 262 accidents so far this year is estimated at \$236,823.

The totals reported by state police do not give the complete number of accidents, injuries and property damage caused by auto accidents in the county. In a number of boroughs local police conduct the investigations of crashes and those figures are not included in the state police reports. In addition there is normally a number of auto accidents usually one-car crashes, which are never reported to any police officer.

## 137 Arrests

Traffic arrests also declined during the month, with 137 listed during September compared to 12 arrests for violation of traffic laws made by the officers in August, and 149 in July.

The officers made 19 arrests on criminal charges as a result of 16 criminal charge investigations.

They carried out 20 state department investigations in addition to the other work. During the month the officers spent 350 hours on criminal investigations, 1,643 hours on traffic duty, 1,240 hours on station duty, 402 hours on special assignments and traveled 28,870 miles in the course of 333 patrols.

## Change Turnkeys At County Jail

Floyd McMullen, W. Lincoln Ave., night turnkey at the county jail for the last several years, has submitted his resignation, Sheriff Dorsey J. Schultz said today. Named to succeed him is Nelson Shuloff, a student at the local Lutheran seminary.

McMullen, a student at Gettysburg College, had served as turnkey for the last several years, but resigned because practice teaching duties now prevent him continuing with the turnkey position.

Mohammed was born in 570.

## GUNMAN SAYS HIS PAL FIRED FATAL SHOTS

SCOTTSBURG, Ind. (AP)—A gunman who insisted his dead companion fired the shots that killed two policemen in two states faced a preliminary charge of murder today.

Victory Wayne Whitley, 26, Granger, Tex., was bound over to the Scott Circuit Court by Justice of Peace O. E. Hedrick late yesterday and was taken to the Clark County jail at Jeffersonville for safekeeping. He was ordered held without bail.

State police said Whitley told them that Ralph Walker Taylor, 36, Kenova, W. Va., fired the shots that killed State Troopers Dugald A. Pellot, 23, Clinton, Mich., and William Kellems, 27, Scottsburg.

Taylor died Monday night in an exchange of gunfire with Lester Kenen, 38, North Vernon patrolman, as Taylor and Whitley fled from a police roadblock set up at Vernon after Kellems was slain.

**Kills Robbery Spree**  
The killing of Taylor and cornering of Whitley ended a four-month robbery spree by the two gunmen. Taylor was a former convict and parole violator from West Virginia, but police said Whitley had no previous record of a major crime.

Whitley told of a series of 21 armed robberies from Delaware to Texas but said he and Taylor never were forced to fire their guns until Monday when Trooper Douglas A. Vogel stopped them in a routine traffic check near Clinton.

One of them — Whitley said it was Taylor — shot Vogel and wounded him seriously, but Vogel was able to give an alarm on his radio. Pellot was killed trying to stop the fugitives.

## Cleveland Mayor Wins Third Term

CLEVELAND (AP)—Mayor Anthony J. Celebrezze, a possible future candidate for governor of Ohio or U.S. senator, handily won re-election to a third term yesterday. He polled 57 per cent of the vote in a three-way non-partisan primary for the \$25,000-a-year post.

The victory means that the 47-year-old independent Democrat won't face a run-off in November and can concentrate his efforts on passage of a 15-million-dollar bond issue for redevelopment of downtown Cleveland.

Observers believe passage of the bond issue would strongly strengthen Celebrezze's chances for governor or senator.

The bond issue would be the city's contribution of a lakefront development, mostly financed by private capital.

## SAY OUTSIDERS STARTED FUSS

MATOAKA, W. Va. (AP)—School officials today blamed teen-agers outside of school and other persons for instigating anti-integration demonstrations in this southern West Virginia mining community.

Six Negro students were sent home from Matoaka High School yesterday after a group of white students roughed up two of them, both boys, as they entered school.

State police quickly intervened and the Negro boys went inside the school, where four Negro girls already had entered. All six were later sent home in a taxicab by the principal while about 200 white students demonstrated outside the school and refused to enter. The school has an enrollment of 670.

"As far as I know, the colored students will be in class" today, Principal Ralph Bird said.

Mercer County School Supt. W. R. Cooke said school officials are not blaming the demonstrations Monday and yesterday on the students themselves. He said teen-agers outside the school and other persons in the community have been largely responsible.

The U. S. Air Force estimates it has about 1,000 planes in the air every minute of day and night.

## UTILITY WINS SAFETY AWARD

Employees of the Metropolitan Edison Company were praised for their "safe working practices" by Robert P. Liversidge, president of the Pennsylvania Electric Association, at the association's Golden Anniversary today in Philadelphia as he announced winners of the P.E.A.'s annual safety contest.

MECO was presented with a bronze plaque for having the lowest accident frequency rate among the state's group I utilities during the past year and with certificates for showing the greatest improvement in its own accident frequency rate and for working more than 1,000,000 manhours without a disabling accident. It was the third consecutive year the local electric company has won the state-wide competition among utilities having more than one million manhours of exposure per year.

## Excellent Record

The Bronze Award was won with a frequency of .75 compared to a rate of 2.4 (number of accidents per million manhours worked) for second-place Pennsylvania Electric Company. To win the certificate for greatest improvement in its own accident record, MECO registered a 74.6 per cent reduction in accidents. The third award was given because its employees worked from October 6, 1956, to May 6, 1957, a total of 2,311,564 manhours, without an accident.

The awards were accepted on behalf of all MECO employees by G. Raymond Parry, vice president, who said they were won "only because of the splendid teamwork of all employees and the support each gave the safety program."

MECO's safety program is conducted by the following: Kenneth G. Cregar, Temple; Harold G. Painter, Reading; Joseph A. Kirchgasser, Easton, and Ellsworth R. J. Diven, York.

## PLEDGES HELP TO HANDICAPPED

The state Bureau of Vocational Rehabilitation, upon which thousands of disabled persons depend for services that will make them self-sufficient, is one of the major cooperating agencies in the annual observance of National Employ the Physically Handicapped Week which will be held this year from October 6-12.

The bureau's Harrisburg district office serves handicapped individuals in Adams, Cumberland, Dauphin, Franklin, Juniata, Lancaster, Mifflin, Perry and York counties.

John J. Gordon supervisor, said his organization "will cooperate wholeheartedly with representatives from veterans organizations, state employment services, unions, medical societies, crippled children's societies, employers and other interested groups, in an effort to provide additional job opportunities for the disabled."

"It is our duty to help the handicapped find gainful jobs throughout the entire year and not just one week," Gordon said. "The handicapped have proved through their own work records that they are competent and dependable workers when trained properly and placed advantageously in jobs. In addition, we all are helped economically when a handicapped citizen is placed in a job."

## Pentoney Loses New Court Round

The fourth effort of Wilson Pentoney, Gettysburg R. 1, to be released from imprisonment has been denied, by the Adams County Court in an opinion handed down by Judge W. C. Sheely, Gettysburg.

His action was brought against David N. Myers, warden of the Eastern Penitentiary, in a petition for writ of habeas corpus with the former motion being one for a new trial which was refused by the Court of Oyer and Terminer on August 23. In his latest petition he raised a contention not raised in his previous efforts — that he was deprived of his constitutional rights in his trial on a morals charge by being denied the right to examine and challenge jurors and that the jury was chosen in his absence.

## Two Counties In Operation Strikeback

Warren A. Scott, R. 5, signalman first class, USN, aboard the destroyer USS Harlan R. Dickson, and James R. Hay, sonarman third class, USN, son of Mr. and Mrs. T. D. Hay, R. 1, aboard the destroyer USS Caperton, participated in "Operation Strikeback," a large-scale naval and air exercise in North Atlantic waters last week.

More than 150 vessels from North Atlantic Treaty Organization countries participated in the 10-day operation. "Strikeback" marks the first time since 1953 that forces under NATO engaged in large-scale combined fleet maneuvers.

Nations taking part included: Canada, France, Norway, the Netherlands, United Kingdom and the United States.

## Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

TWENTY-FIVE YEARS AGO

Wins Awards At Flower Display: Mrs. Howard Hartzell, Lincolnway east, received two first and two second prizes in the dahlia show at Harrisburg this week, according to an announcement of the judges' awards.

Mrs. Hartzell won the first and second prizes for the best basket of five blooms or more; the first prize for the best hybrid and the second prize for the most decorative booth. The show was sponsored by the Garden club of Harrisburg.

Large Elk Killed By Local Man: P. W. Stallsmith, proprietor of the News Stand drug store, center square, returned home Friday morning from a hunting expedition to the Black hills of South Dakota bringing with him the rack and hide of a 900 pound bull elk.

Mr. Stallsmith shot the elk on the 165,000 acre reservation in the Black hills while hunting with a party of four men and one guide.

The elk rack is one of the largest seen here. It has twelve points and the spread is approximately 38 inches wide.

Classes At County School Pick Officers: Organization of the classes of the Arendtsville Vocational school made since the opening of the school year have resulted as follows:

Senior: Harry McDannell, president; Glenn Deardorff, vice president; Jean Myers, secretary, and Jeanne Rice, treasurer.

Junior: Paul Orner, president; Philip Sneeringer, vice president; Louise Ely, secretary, and Laura Weaver, treasurer.

Sophomore: Anna Cole, president; Chester Eshleman, vice president; Ruth Martz, secretary, and Kermit Oyler, treasurer.

Freshman: Russell Kane, president; Marie Walter, vice president; Miriam Rice, secretary, and Woodrow Orner, treasurer.

Legion Forms New Council: A reorganization of the Tri-county council of the American Legion was affected Wednesday evening at a meeting of delegates from legion posts in three counties at the Albert J. Lentz post rooms here. The council which now includes the posts from Adams, York and Franklin counties, will henceforth be known as the twenty-second district council of the American Legion.

Urge Local Advertising Of Relief Map: A timely suggestion is advanced today by Wallace K. Keely, Gettysburg R. 4, relative to the proposed display of the Gettysburg battlefield relief map at the Chicago World's fair in 1933.

Mr. Keely, in a communication addressed to the The Gettysburg Times, suggests that Gettysburg advertise locally the fact that the relief map is on display in the post office building, and that a suitable marker be erected outside the post office building.

Meet Gettysburg's Perfect Baby: Donald Johnson, Eight Months: Little Donald Johnson, eight-month-old son of Dan and Ethel (Bowling) Johnson, 205 West Middle street, Gettysburg, went visiting with his mother to relatives at Pikesville, Maryland.

Donald has always been a very healthy and happy youngster and his mother was curious to know just how he would "stack up" with other babies; so she entered him in a contest with 800 babies of Baltimore county. And sure enough, Donald walked away with all the honors in the contest, winning first prize under the critical examination of a dozen prominent Baltimore county physicians. He was pronounced One Hundred Per Cent Perfect in every respect.

Local Lodge Wins Prize In Parade: Battlefield Council, 717, Order of Independent Americans was presented with a check for \$25 for having the second largest number of men in line in the parade at the state convention at Pottstown on Labor Day. The check was presented by A. S. Loeh, of New Cumberland, junior past state councilor who congratulated the junior team of the

## Today's Talk

**INHERITORS ALL**  
No matter who we are, whether rich or poor, we may be said to have been born into a fortunate period of time, for every period of history has its own traits that make it stand out, notable and significant.

I think back to my youth and I say today how lucky I was, for there were no wars, no threats to universal peace, and there were opportunities aplenty. Today we are filled with fears and there are threats to peace and good will all about us.

But we have inventions that have changed our way of life, things that have taken away much of the drudgery of work, even making much of it pleasant and interesting! And tomorrow we shall become inheritors of even greater things. All of us are inheritors of the toil of others.

When I observe the activities and carelessness of the youth of today, I can't help but wonder about their lives fifty years from now. But I do not worry. I only wish them the glory of their time, and the usefulness to which they have been born. Most of these youngsters of today will be great leaders half a century from now, if the world still exists! And I think that it will. A good part of the world is being tested in the crucible of democracy.

Henry D. Thoreau lived at an interesting time in history, a time which many of his contemporaries looked upon as of little moment to them, but Thoreau said in his journal that God could not be unkind to him if he should try. And the next day he wrote in that same journal this sentence: "I have never got over my surprise that I should have been born into the most estimable place in the world, and in the very nick of time, too."

We were all born to a different age, one that must melt into all ages, but how fleeting all ages! Thoreau wrote a hundred years ago, but people read him today and are stimulated by his vision and simplicity of life.

Tomorrow Mr. Adams will talk on the subject "Monuments" Protected, 1957, by The George Matthews Adams Service

## Just Folks

**SICK**  
Sitting at home.  
Nothing to do;  
Raining outside.  
Everything blue;  
Cross as can be.  
Wearing a pout;  
Just sick—that's all.  
Don't dare to go out.

Read all the papers.  
Now what can I do?  
Looked through the house.  
For a look that is new.  
I ought to be down.  
At the office, I know,  
But they tell me I'm sick.  
And they won't let me go.

I can stand for most  
Anything under the sun.  
Work twenty-four hours  
To, at a job done.  
Many a hardship  
Has traveled my way.  
But the toughest of all  
Is to be sick a day.

## Haverford Objects To Research Grants

HAVERFORD, Pa. (AP)—Haverford College says that Defense Department grants for research are "a threat to free academic inquiry" and contrary to Quaker principles.

The college, a Quaker school, announced yesterday it would neither request nor accept such grants. It also said it would not permit its faculty to engage in any military research on campus or on college time.

The police was declared by the college's Board of Managers in response to the request of three professors for permission to apply in the name of the college for the grants. Applications must be made by colleges rather than individual persons.

The board also said it would be contrary to Quaker principles to seek money from the department for nonmilitary research projects.

New Gas Fuel Served Local Users Tuesday: The Gettysburg gas company Tuesday began serving a mixture of natural and manufactured gas to its consumers.

No untoward incident marked the transfer from the straight manufactured to the mixed gas, H. H. Miller, manager of the company, said.

Local consumers said they noticed the mixed gas gave a higher flame and that the new gas apparently was hotter than the straight manufactured gas.

## BIGGEST STORY OF DAY SHRINKS SWIFTLY AWAY

By ED CREEGH  
AP News Analyst

WASHINGTON (AP)—The White House is no stranger to excitement, but it hasn't seen lately an episode like yesterday's.

The lobby was jammed with newsmen. They overflowed into the driveway in front of the executive offices. A sort of rear guard was posted at the side door, just in case the four Southern governors meeting with President Eisenhower on the Little Rock situation should come out that way.

Minutes, then hours dragged past. The noise level rose to a pitch just short of a shriek.

Then a door opened and the reporters and cameramen who brought you the story surged into the office of press secretary James C. Hagerty. Surged they all but tumbled in. Once in, they stood, sat and perched on book-cases.

Hagerty stood behind his desk, arms folded, smiling the faint smile that signals to White House veterans: this is a big story, men. It was, too.

**Issue Joint Statement**  
The Southern governors telegraphed it also. White-carnationed Luther Hodges of North Carolina fingered a copy of the joint statement by the White House and the governors. The mobile features of Maryland's Theodore R. McKeldin were in constant motion. Florida's prematurely gray Leroy Collins and Tennessee's equally hand some Frank Clement showed similar eagerness.

Hagerty had the privilege of announcing the news, as spokesman for President Eisenhower. It meant: If Arkansas Gov. Orval E. Faubus would pledge to maintain law and order and not to interfere with federal court orders, Eisenhower would pull U.S. troops out of Little Rock. The governors said Faubus was ready to make such a pledge.

It looked as if the gravest integration crisis to date might be peacefully resolved.

And then the bottom began to fall out.

First, Faubus' "assurance" came through from Little Rock. He said he never intended to obstruct the orders of the federal courts—although a U.S. court has accused him of doing just that. He said he was prepared "as I have always been" to maintain law and order—for all that Eisenhower has indirectly blamed him for stirring up mob violence.

"I now declare," said the governor, "that upon withdrawal of federal troops, I will again assume full responsibility for the maintenance of law and order, and that the orders of the federal courts will not be obstructed by me."

There were more hours of waiting. Finally, as midnight approached, Eisenhower issued a statement which for all practical purposes told the governor of Arkansas: You didn't go far enough.

Eisenhower said Faubus' statement doesn't guarantee he will use his full powers to prevent obstruction of court orders. And so, said the President, there is nothing to do but keep the federal troops on duty and hope both sides will keep trying to work out a solution.

The throng of newsmen had dwindled by the time the President's final statement was issued. The pro-and-con pickets who had marched for a time outside the White House gates had long since gone away.

One thing seemed certain: nine Negro children would go to school in Little Rock today still under the protection of the U.S. Army. Beyond that, it wasn't safe to predict.

## Push Search For Two-Year-Old Boy

BRIDGETON, N.J. (AP)—State Police and several hundred residents resumed their search today for 2-year-old Ronald Nutz, who has been missing from his home here since yesterday afternoon.

Police said the boy, the son of Mr. and Mrs. Reinhold Nutz of R. 2, wandered off from his backyard with his dog. Bloodhounds aided in the search last night and today but failed to turn up a trace of the boy, who speaks only German.

State police said there are no large bodies of water in this lightly populated wooded area.

## Dietz

(Continued From Page 1)

activities. He attends the football games and keeps trying to learn to jitterbug at the dances that have followed the home games.

He has signed for bridge and pingpong clubs at the school and is an interested member of the staff of the school newspaper, the Maroon and White.

He is a welcome member, too, of the household of Mr. and Mrs. S. Blaine Miller, 651 Fairview Ave., where he will live until next June 25 when he and the 150 other European exchange students in the U. S. this year will leave for a three-week sight-seeing tour of the nation before returning to their homelands.

### Has To Concentrate

Dietz finds the four years of classroom English he had in Germany helpful to him here and he is gaining a wider use and understanding of English as it is spoken in America. Slang and some jokes find him puzzled sometimes but he loses no time in straightening out his understanding of "American" as he encounters it in daily life at the high school and in the town.

He has expressed the opinion that some subjects are presented a bit more interestingly in schools here, although concentration is the clue to success in most subjects for him: If he does not follow closely, he gets lost in a language snarl that is hard to unravel.

"There is more written work here and more exercises than in Germany. It seems sometimes that here I think five minutes and write three hours while in Germany I would have thought three hours and written five minutes."

He had a broad academic course at Bonn, Germany, where he and eight others who entered school a decade ago are continuing their secondary studies that always lead there to the universities. Thirty-two others who started with him have dropped out.

### "Doing Remarkably Well"

Here he is studying American history, problems of democracy, English, drivers' education and physical education. Teachers say he is doing remarkably well in all of his studies. He confers weekly with James R. Feather, senior high school student council adviser, to help with problems that arise and to discuss his plans and program.

Dietz hopes his year in America may help him to pick a vocation or profession. "America is the leader in everything, so maybe I can find here what I will want to do. Now I change my mind every month."

The son of a mining engineer who lost his life in the Mediterranean sea in 1944 while serving as an officer in the German Navy, Dietz remembers dimly the last year of the war but his recollections of the hardships of the post-war years are more vivid.

He remembers playing with worthless German marks as children now use play money. He will recount for his friends, with a great deal of enthusiasm, the story of rebuilt, prosperous Germany and of the fine schools, churches, newspapers and industries that have arisen there out of the bombed-out ruins of so many great cities.

**Fled Russian Armies**  
Born in Silesia a few months later Russia began the invasion of Poland in the fall of 1939, Dietz was taken by his parents from station to station as they fled west and away from the approaching Red armies. They finally located at Bonn. There his mother is an official in the ministry for traffic and lives in that city with a younger sister, Dietz.

It is at Bonn that Dietz expects to start his university studies. "But I'll change after a year there and go to some of the other universities," he said.

Dietz applied late in 1956 for assignment as an exchange student. He was interviewed first by his classroom teacher and then there was a conversational exam by representatives of the American Field Service about politics, his interests and his views about affairs at home and abroad.

**Not Hard To Adjust**  
The Field Service then set about locating a home for him in this country and it was not until June that Dietz knew he was coming to Gettysburg. He arrived here July 17. He had landed at Norfolk, traveled alone to New York, spent three days sight-seeing there alone until he was met by Mr. Feather and they made the bus trip to Gettysburg together. They were met at the bus station by a delegation of Gettysburg High School Student Council members as an official welcoming group.

## Nation's Weather Pattern Is Steady

By THE ASSOCIATED PRESS

The nation's weather pattern of the last several days showed little change today — wet in the Southeast and in Northwestern areas and pleasant in most other sections of the country.

Mostly fair weather, with temperatures near 70, was forecast for New York, scene of the first game of the World Series.

More rain fell in the south Atlantic states and southward in Florida thundershowers hit scattered sections. Considerable development during the night in the mid-Atlantic Coast states.

Rainfall in Jacksonville Beach, Fla., in the last few days measured nearly 8 inches.

"Everybody has helped me. Even strangers in New York. The people of Gettysburg have made me feel at home. I haven't found it too hard to adjust to life here because I knew about American customs and ways of life before I came."

He can't be pinned down for an opinion about American girls. "It depends on the individual girl," he explained. "I find people here that are just like people in Germany and there are people there that would fit in here and seem like one of you."

**Gained "Brother" Here**  
Gettysburg High School students last year adopted the project of sponsoring an exchange student and quickly raised about \$700 through the sale of 25-cent "shares of good will." Benefit dances and other fund-raising events provided the rest of the money needed to bring a student here. Part of that money is used now to give Dietz a \$12 monthly spending allowance.

To give Dietz an insight into the operation of student government at the high school, the Senior Student Council has invited him to sit in on their meetings as an observer.

In Germany Dietz has a younger sister but in Gettysburg he has gained a younger "brother." He is 9-year-old Andy Miller, who "just loves the idea of having a big brother."

"Dietz is a wonderful member of our family," Mrs. Miller said. "He takes care of his own room, sets the table and can see work to be done — and does it."

He gets mail regularly from his mother and writes to her faithfully. He has been in Gettysburg more than two months and there's been no sign of homesickness yet.

## THREE SEIZED IN STABBING OF AMBASSADOR

NEW YORK (AP)—Police seized three men Monday night and Tuesday in connection with the Central Park stabbing, beating and robbery of Rishiksha Shah, Nepal's ambassador to the United Nations.

Lawrence Jones, 42, Negro, of Brooklyn, was booked on charges of assault and robbery.

Police said two other men were seized in Brooklyn early Tuesday and held for questioning at the Central Park police station in Manhattan.

**Stabbed In Chest**  
The 32-year-old ambassador has been in New York Hospital since the attack early on the night of Sept. 17 as he was walking in the park near his home. In addition to head injuries, he suffered a stab wound in the chest.

Jones was arrested in the park Monday night in the darkness almost at the scene of the attack on Shah.

Police said one of the men picked up later produced a knife and admitted he stabbed Shah with it.

Jones denied complicity in the attack. But police said they found in his room photographs of Jones which Shah recognized, and also a silver cigarette case stolen from the ambassador.

## Trap Robbers In Fuel Yard Office

GLOUCESTER, N. J. (AP)—Two robbers were trapped in a Gloucester fuel yard office early Tuesday. One was shot and both captured.

Police identified the two as John Cristinzio, 18, Camden, N. J., and Richard Hackett, 19, Sewell, N. J. Cristinzio was shot in the upper right side, back and left arm.

Police said a patrol car crew spotted a car parked near the fuel yard office of Gallegher Brothers, Inc., and became suspicious when they returned later, to find the car still parked in the same spot. A search was made and the policemen saw the two youths inside the fuel company office building.

## Neck Fracture Is Fatal To Motorist

NEW HOPE, Pa. (AP)—Mrs. Barbara MacSkimming, 30, of Trenton, N. J., was injured fatally near here early Tuesday when her automobile went out of control on Route 202 and struck a high curb.

Bucks County Coroner Thomas C. Lamb said Mrs. MacSkimming, a waitress employed at an inn in New Hope, died instantly of a neck fracture and head injuries when she was tossed through the car windshield.

Police said the woman apparently was rounding a curve at high speed when she lost control of the automobile. She is survived by her husband and three children.

## Fate Of Boy With Severed Spinal Column Is In Doubt

**Named To Post On Turnpike Group**

HARRISBURG (AP)—Gov. Leader today appointed E. James Trimarchi Jr., Indiana, as a member of the Pennsylvania Turnpike Commission.

The governor named Trimarchi, 35, to the \$13,000 post to succeed Dr. Meredith A. Williams, vice chairman of the commission. The governor accepted Williams' resignation effective at the end of business Tuesday.

Leader on Monday named Joseph J. Lawler, retiring secretary of highways to the Turnpike Commission after he named Lewis M. Stevens, Philadelphia, to the highways post.

The governor fixed late afternoon for swearing in ceremonies for the new officials.

## Youth Burned By Lye Is Improving

NEW YORK (AP)—A 16-year-old schoolboy whose eyes and face were seared by liquid lye hurled by another pupil in a Brooklyn classroom is out of the hospital.

"I can't see as well as before, but I guess it will improve," the victim, David Ozersky, told newsmen as he left St. Clare's Hospital annex Monday. Scars showed on his face.

The boy spoke bitterly of the attack at Jefferson High School Sept. 19 for which Maurice Kessler, a 17-year-old Negro classmate, has been arrested.

Ozersky, who is white, said Kessler "could stay away 2,000 years and it would be all right with me."

Kessler is held in lieu of \$100,000 bail on assault charges. Kessler had been arrested on a morals charge on complaint of the Ozersky boy before the lye attack.

## Reveal Automatic Plane Navigator

BALTIMORE (AP)—The Air Force today took the wraps off a mechanical navigator which can plot a course anywhere on the globe, compute the speed and drift of the airplane and signal when the destination is reached.

The Air Research and Development Command actually disclosed the details of six Doppler Radar self-contained aircraft navigation systems. At the same time, it told about an airborne north-seeking gyro compass which is the principal component of the systems.

"So accurate is the Doppler navigation system that after a 1,000-mile flight, an aircraft will arrive within a circle 12 miles in diameter around the destination," the ARDC said.

The 12-car passenger train virtually demolished the last car of the other train.

The train that roared into the station was carrying 400 to 500 passengers. The train waiting in the station had 400 to 800 commuters aboard its 11 cars.

## NO CHANGE IN ODDS ON YANKS AS SERIES OPENS

By JOE REICHLER  
NEW YORK (AP)—The uncertain condition of Mickey Mantle's ten der left leg and Bill Skowron's aching back belied the 8-5 odds on the New York Yankees today in the World Series opener against the Milwaukee Braves.

The crowd of some 70,000 expected to view the southpaw duel between New York's Whitey Ford and Milwaukee's Warren Spahn probably will not see either Mantle or Skowron at their best, although both were listed as almost certain starters.

Unless the two sluggers, who between them hammered 51 home runs and drove in 181 runs during the regular season, get healthy quick—and this would be a real upset—the pick here is a seven-game series triumph for the fit and ready Braves.

**Mantle Can't Run**  
The picture of a nobbling Mantle on a painful leg in the 1955 series against Brooklyn, the only series lost by the Yankees in nine October classics since 1942, is still clear in the writer's mind.

Mantle cannot run without pain. He even winces when he misses one of his powerhouse swings. Skowron says it doesn't hurt him to swing but it does hurt when he runs. It would come as no surprise if either or both were unable to do full-time duty in the series.

There is still even some doubt about Ford. The ace left-hander appears to be back in true stride after a sore shoulder siege, but there is a question whether he can undergo the strain of pitching twice or three times in one week as the opening day pitcher usually is called upon to do in a long series.

**Sees Long Series**  
Because the teams appear so evenly matched, the outlook is for a long series.

The Braves are in excellent physical shape, with the possible exception of Joe Adcock. The big first baseman's left leg, broken last July, still isn't completely back to normal.

Adcock, a long-ball-hitting right-handed batter, was slated to start against Ford today. However, Manager Fred Haney indicated he may shift to the left-handed-hitting Frank Torre, who filled in so capably for Big Joe during the summer, when the Yankees use a right-hander.

**Shantz In Doubt**  
Stengel, who had expected to come back with another left-hander, Bobby Shantz, in the second game, appeared uncertain after yesterday's workout at Yankee Stadium.

"I'm not so sure left-handers are a better bet than right-handers against Milwaukee," Casey said. "My Thursday pitcher depends upon what happens to my Wednesday pitcher. If the Braves should treat Ford a little too roughly, I'll probably give them Bob Turley (a right-hander). If Whitey does a commendable job, it will be Shantz."

Haney has no doubt regarding his starters, although he insisted after the Braves' workout he was prepared to use everybody in every game. You can be sure that it will be Lew Burdette tomorrow and Bob Buhl Saturday in Milwaukee. Then the merry-go-round starts against with Spahn, Burdette and Buhl in that order.

**Three Pitchers For Haney**  
If the series goes into the seventh and final game, you can look for Spahn to make his third start.

## Plays End On Air Force Grid Squad

Airman First Class Wilmer Orndorff, son of Mr. and Mrs. Earl Orndorff, R. 5, is a member of the Ninth Air Force "Commanders" football squad at Shaw Air Force Base, South Carolina.

Orndorff, a 6-2 200-pounder, is playing end for the Commanders. Prior to entering the service he attended Delone Catholic High School, McSherrystown.

## BULLET-TERROR SERIES TO END IN YORK GAME

Gettysburg College's football team will meet Western Maryland Friday night at 8:30 in the last game of one of the East's oldest small-college football rivalries. With Gettysburg serving as home team the game will be played in York on Small Athletic Field as the main feature of a Sports Night staged by that city's Sertoma Club.

Gettysburg and Western Maryland have met 27 times in the series that started in 1891, with Gettysburg winning 22 of the games. Western Maryland, its last victory coming in 1950, has won only four times and one contest ended in a tie. Only Franklin and Marshall has been on Gettysburg's schedule longer than Western Maryland, and that series, which began in 1890, will be discontinued after the 1958 game.

Buffalo will replace P. and M. in 1959.

**Replaced By Drexel**  
Drexel Institute of Technology will replace Western Maryland on Gettysburg's schedule next season.

Gettysburg's starting lineup for the game in York will probably be the same as that which opened the Bullets' season against Bucknell in the 10th annual Chocolate Bowl game at Hershey. Stan Musser, Gettysburg, and Chet Knight, Chester-town, Md., will be at ends; Al Kempton, Clifton, N. J., and Bob Barkley, Cleveland, Ohio, tackles; Don Harman, Lancaster, and Dick Rowan, Harrisburg, guards; and John Yohn, Pennsylvania, center. Neil Hickoff, Duncannon, or Dick Stravolo, Chambersburg, will start at quarterback; halfbacks will be Earl Yost, Shippensburg, and Don Halley, Camden, N. J., and All-Stater Frank Capitani, Hershey, will be at fullback.

## PICK PITT END AS TOP LINEMAN

By THE ASSOCIATED PRESS  
With only 22 seconds left, end Art Gob caught a touchdown pass Saturday night at Portland, Ore. that resulted in a 6-3 victory for Pitt over Oregon.

That achievement brought the 20-year-old Pitt wingman to the first Associated Press poll of the season.

The 6-4 junior, who weighs 225 pounds and lives in Baldwin, Boro, a Pittsburgh suburb, had raced into the end zone before catching a 22-yard aerial from Ivan Tomic for the TD that turned apparent defeat into victory for the Panthers.

Dick Carr, a Pitt guard, also earned votes in the balloting by sportswriters and broadcasters. He blocked a punt late in the final quarter that gave Pitt the ball on the Oregon 25 and helped set the stage for Gob's game-winning catch.

## RED SPY BEGS U. S. FOR MERCY

NEW YORK (AP)—Tears filling his eyes and his hands trembling, confessed spy Jack Soble said yesterday he deeply regrets the crimes he committed against his country. He asked for mercy from the country he schemed to betray.

The 55-year-old former head of a Soviet intelligence ring in the United States told Federal Judge Richard H. Levett: "I cannot forgive myself. I had plenty of opportunity to straighten out my life since I came to this country and I didn't do it." Soble appeared before Levett for sentencing. He had pleaded guilty to conspiring to obtain national defense secrets, knowing the information would be transmitted to the Soviet Union.

Levett said he would impose sentence next Tuesday. He also will rule on motions to reduce the 5½-year sentences he imposed Aug. 9 on Soble's wife Myra, 53, and Jacob Albam, 64.

Mrs. Soble and Albam pleaded guilty to the same charge as did Soble.

ing appearance next Thursday in Yankee Stadium, unless he has to be used in relief before that.

"Barring the unforeseen," Haney said, "I plan to go with three pitchers all through the series, with the others all to be used in relief, in the bullpen. That does not mean that I'd hesitate to use either Spahn or Burdette in relief if the occasion calls for it."

The series, because of the large seating capacity in both parks, was expected to set a new money record for the players.

## SOONERS, NAVY, SPARTANS ARE PICKED TO WIN

NEW YORK (AP)—There's always agitation for the return of the kicking phase to college football. Those agitators should see the kicks received when 12 of 44 predictions are wrong as was the case a week ago.

That dropped the season's average from 823 to 770. Last week's aggregate was 727. Here's hoping the readers will do more passing than kicking in the immediate future.

Oklahoma over Iowa State: The Sooners show their new model crusher to the home folks.

**Spartans To Win**  
Michigan State over California: After you've seen the World Series on TV, you can relax with Coach Duffy Daugherty as his Spartans romp over the Californians.

Navy over North Carolina: The Navy eleven this year is of the battleship class. Baylor over Miami: Houston beat Miami. Baylor beat Houston. Oregon State over Northwest-ern: Because Joe Francis and Earnel Durden play for the West Coast Beavers.

**Pick Irish Again**  
Ohio State over Washington: Neither team has shown to advantage so far but the Buckeyes should take this one.

Notre Dame over Indiana: Aubrey Lewis to give the Hoosiers a long, dreary afternoon. Iowa over Washington State: The West Coast team's passing attack no match for Iowa's defensive-minded Hawkeyes.

Michigan over Georgia: The Wolverines get ready for the big game with Michigan State next week.

**Pitt Over Southern Cal**  
Duke over Maryland: It is homecoming for Duke and the grads will be back to watch Hal McElhaney cavort.

Skipping over some others in a hurry: **FRIDAY NIGHT** Pittsburgh over Southern California. **SATURDAY** EAST: Dartmouth over Penn. Boston College over Quantico Marines. Princeton over Columbia. Cornell over Harvard. Villanova over Florida State. Penn state over Army. Holy Cross over Dayton. Syracuse over Boston University. Brown over Yale.

**60 Fans In Line At Stadium At 1 A.M.**  
NEW YORK (AP)—Some 60 baseball fans were in line at the Yankee Stadium early today (1 a.m. EST) to buy bleacher seats for the first game of the World Series.

Bleacher seats went on sale at 7 a.m. (EST), five hours before the start of the game.

First in line at 7 p.m., when police permitted the line to form, was Charles Kierst, 66, a fireman from Auburn, N. Y. He is a Yankee fan.

Two 16-year-old New Yorkers also brought a folding bed on which to relax.

**54 Honored For S. S. Attendance**  
CLEARFIELD, Pa. (AP)—Fifty-four persons who hold Sunday School membership and attendance records of 39 years and up have been honored by the 95th annual Sunday School Convention of the Pennsylvania State Sabbath School Assn.

Special pins go with the citations announced last night. Those receiving the awards in person included Harry W. Boltz, Clearfield, Lebanon County, 56 years; George B. Wilson, Ellwood City, 55 years; Frank D. Kearns, Lewisport, 52; Mrs. Nellie N. Wetzel, Clearfield, 54; Miss Anna Dunlap, Elverson, Chester County, 5 and George J. Hallman, Phoenixville, 57.

## COMISKEY HAS "SWAP PLAN" IN MAJOR LEAGUES

The Associated Press  
NEW YORK (AP)—Vice President Chuck Comiskey of the Chicago White Sox said today the American League would grant the National League's return to New York in a swap for the right to enter Los Angeles and San Francisco when and if it chooses to do so.

"We're not going to let the National League take over in the two most lucrative West Coast cities and then return to New York too," said Comiskey, also an alternate on major league baseball's Executive Council.

"Let's face it," he said. "In 15 years there will be only three two-team towns—New York, Chicago and Los Angeles."

**Given AL Support**  
He said he had proposed the swap plan to the American League and that it had been supported.

Going into yesterday's separate league meetings, the American already had proposed an amendment to the major league constitution which would divide New York into two baseball territories after transfer of the National League's New York and Brooklyn franchises to San Francisco and Los Angeles.

Only Brooklyn would remain open territory, shutting the National League out of the Bronx, Manhattan, Queens and Staten Island. Under Comiskey's compromise, the American League would also place Queens in the open classification. Queens is the only New York area looked upon as a feasible stadium site by city officials.

The two leagues, meeting in joint session with Commissioner Ford Frick, later unanimously supported a National League request to shelve any action in the matter until their December meeting "pending developments."

**Some AL Decisions**  
In a separate meeting, the National League owners:

1. Were advised the New York Giants had filed a formal letter of intent in their shift to San Francisco.
2. Gave the Brooklyn Dodgers a two-week extension, through Oct. 15, on the deadline for their final decision about moving to Los Angeles.
3. Changed their constitution to make only a three-fourths approval necessary for a franchise transfer, rather than the previous unanimous vote.

## No Direct Offer To Throw Fight: Ray

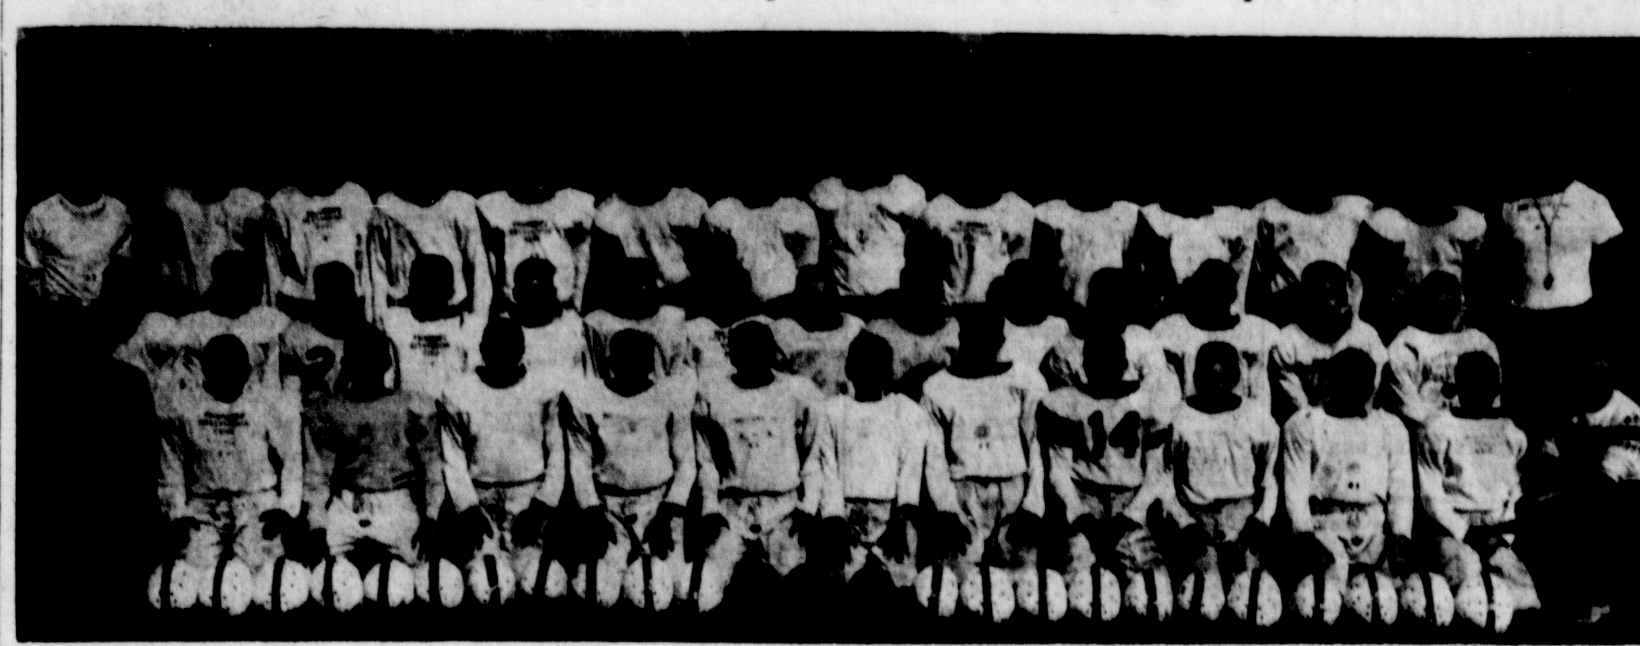

NEW YORK (AP)—Sugar Ray Robinson's testimony that he never had received a direct offer of a bribe to throw a fight got him off with a mild rebuke by the New York State Athletic Commission. The hearing was called yesterday to inquire into published reports quoting Robinson that he had been approached. He said that his remarks probably were misunderstood, that many "cracks" were made to him during his career.

## Two Are Tied In Grid Conference

JOHNSTOWN, Pa. (AP)—Lock Haven and Edinboro, both undefeated in two league games, share the lead today in the Pennsylvania State Teachers Colleges Football Conference.

Lock Haven, a 26-0 victor over Millersville last weekend, meets California this week. Edinboro, which trounced Slippery Rock 32-7, faces Indiana at home.

Individual scoring honors also are shared by Lock Haven and Edinboro. Gordon Kidder and Ed Glowatski of Edinboro and George Dintman of Lock Haven each have scored three touchdowns in conference play.

Rated one of the top games of the coming weekend is the contest between Stroudsburg and Shippensburg. Defending champion West Chester does not play its first league game until Oct. 26.

**Esso Decreases Price Of Gasoline**  
ELIZABETH, N. J. (AP)—Esso Standard Oil announced today a one-cent-a-gallon gasoline price reduction in New Jersey.

The new minimum prices which dealers must charge under the state's fair trade price law are 26.9 cents for Esso, 29.9 for Esso Extra, and 32.9 for Golden Esso.

A spokesman said the new prices were set to meet competition. Esso is the largest distributor in the state with 2,200 dealers.

Gasoline prices range in the state between 24.9 and 27.9 cents per gallon for regular.

## HUBBELL PICKS GENE CONLEY AS STAR OF SERIES

NEW YORK (AP)—Carl Hubbell, the old New York Giants' southpaw, picks pitcher Gene Conley as the potential star of the World Series, which opened in the Yankee Stadium today between the New York Yankees and the Milwaukee Braves.

"He is particularly effective against a club the first time they see him. With those long arms and legs you don't know where the pitch is coming from," he said.

Braves' Manager Fred Haney hasn't let the pressure dissipate his sense of humor. Told that Yank pilot Casey Stengel was worried about the physical condition of Mickey Mantle and Moose Skowron, he laughed: "Tell Casey that I'll let him add two players if either of those guys is out."

Yanks ailing coach Bill Dickey is on hand and he received a royal welcome... Charlie Silvera, ex-Yank catcher now laboring for the Chicago Cubs, also is on hand. This is the first series in Stengel's eight that Silvera has not been a member of the team.

Milwaukee second baseman Red Schoendienst said his aging legs are all set to carry him through the series. "They're all taped up like a race horse," he laughed. "but I still can run."

Milwaukee's big first baseman, Joe Adcock, thinks there will be few home runs, that neither club has a decisive edge. He also reported his injured leg still is weak.

Yank infielder-outfielder Joe Collins usually wears tape around his right wrist. Asked what was wrong, he cracked: "Nothing, it just looks good."

Said Yank starter Whitey Ford when he was asked if he'd like to pitch three games: "I'd like it better if four Yankee pitchers have one start each and then we all go home."

## Will Expand PONY Baseball League

WASHINGTON, Pa. (AP)—The PONY Baseball League, a nationwide organization for 13-year-old boys, will be expanded next year to include 15 and 16-year olds.

PONY Commissioner Lew Hayes said yesterday the older boys will play under a separate classification, yet to be named. The new group will be administered by present PONY League Headquarters here.

A national tournament for eight regional winners will be held in the new classification, but not at League World Series is an annual feature.

CHICAGO (AP)—Del Flanagan of St. Paul, who says he has added a new punch to his ring tactics, is a 6-5 favorite to defeat sturdy Yama Bahama of the West Indies tonight.

The 10 round, middleweight scrap will be televised and broadcast nationally (ABC, 9 p.m. EST) from Chicago Stadium.

## 3 OPPONENTS TRY TO STOP HOFFA ROLLER

By JIM THOMASSON  
MIAMI BEACH, Fla. (P)—Three opponents battled desperately today to halt a steamroller which appeared to be sweeping James R. Hoffa of Detroit toward the presidency of the International Brotherhood of Teamsters.

In a swirling, slambang battle for delegate votes Hoffa picked up endorsements from the New England Conference, the Eastern Conference and the Los Angeles Joint Council of Teamsters in his campaign to succeed retiring President Dave Beck.

International Vice President Elmer Mohn, formerly of Los Angeles and now Beck's administrative assistant, made his first public move in the massive battle for power as he spearheaded the drive to win the Los Angeles delegates over to the Midwest Teamster boss.

**English For Hoffa**  
General Secretary John F. English, a veteran and powerful Teamster figure, was prominent in the action of the New England Conference in Hoffa's favor.

But anti-Hoffa forces were still active, aggressive and asserting confidence. A spokesman said the Maryland and Washington, D.C., delegates declined to endorse Hoffa and that Virginia and Carolina delegates possibly would follow suit.

International Vice President William A. Lee of Chicago was given a vote of confidence by the National Bakers Drivers Conference—but not an endorsement.

**No Coalition Yet**  
Efforts to form a coalition of forces between Lee, Vice President Thomas L. Hickey of New York and Thomas J. Haggerty, Chicago milk truck drivers official, continued—still unsuccessfully.

Haggerty last night declared that the determination of the three Hoffa foes to "go down to the wire" means that their separate strength will be sufficient to prevent Hoffa's election.

But the scrapping Midwest Teamster boss, target of charges of racketeering and misuse of union funds, ridiculed his opponent's claims.

And he showed his strength by turning into a personal ovation a demonstration over the refusal by Chief Justice Earl Warren of the

## Workman Drops Into Hot Oil Vat

DALLAS (P)—Carl W. Ely, 42, fell into a vat of 300-degree oil as he and Durrell Pierce, 23, were taking a piece of hot steel from a furnace at a heat treatment plant.

Ely went completely under, except for one hand with which he gripped the edge of the vat. Pierce quickly grabbed the hand and pulled him out.

Doctors said Ely was seriously burned, but said his clothing and Pierce's quick action saved him from more serious burns and possible death.

**WASHINGTON (P)**—The government has rejected petitions from three oil importing companies for increases in their quotas under the voluntary program to curb crude oil imports.

Navy Capt. M. V. Carson Jr., administrator of the program, announced that the petitions by Standard Oil Co. (Indiana), Tidewater Oil Co., and Standard Oil Co. (Ohio) "did not justify an increase in the recommended quotas."

**PADUCAH, Ky. (P)**—Mrs. Mary Alva Scopes, 92, whose son was the central figure in the famed Scopes evolution trial of the 1920s, died yesterday.

**ATLANTA (P)**—Charles Howard Candler, 78, widely known financier and philanthropist, died yesterday. He was the eldest son of Coca-Cola magnate Asa G. Candler. He was born in Atlanta.

**U.S. Supreme Court to halt Teamster elections.**

Warren yesterday refused to disturb a Circuit Court of Appeals decree setting aside a temporary injunction by Dist. Judge F. Dickinson Lettis which would have prevented the Teamsters from electing new officers at their convention here this week.

When Beck announced to the convention news of Warren's decision, delegates jumped to their feet shouting and hurling scraps of paper into the air.

The demonstration was the only highlight of an otherwise dull day on the convention floor.

As the session opened, Beck ordered the Credentials Committee to take another look at credentials of all delegates questioned by a Senate committee investigating labor racketeering.

Sen. McClellan (D-Ark.) wired Beck Monday that his committee had information that delegates from 68 Teamster locals were not legally selected.

## DEATHS

By THE ASSOCIATED PRESS

**NEW HAMPTON, Iowa. (P)**—Michael E. Slindse, 76, former deputy treasurer of the United States, died Monday. He retired in 1950 after 45 years with the Treasury Department. He was born in Lawler, Iowa.

**NEENAH, Wis. (P)**—William F. Sudro, 72, retired dean of the school of pharmacy at North Dakota State College, died Monday. He was a member of the North Dakota faculty for 48 years before retiring in 1955.

## File Objections To Expressway Route

**PHILADELPHIA (P)**—State Secretary of Highways Lewis M. Stevens has been asked to meet with a committee of Delaware County township and borough officials to hear its objections to the Yellow Route for the Delaware County Expressway.

The committee asked in a letter to Stevens yesterday that state approval of the Yellow Route be withdrawn. The letter, signed by Lawrence G. Williams, vice president of the Springfield Township Commissioners, said the route "does not comply with requirements of the federal aid highway act of 1956 concerning cost, projected traffic volume and economic impact of people and communities."

## AEC PRESENTS \$14 MILLION ETR IN IDAHO

**IDAHO FALLS, Idaho (P)**—The Atomic Energy Commission presented its newest nuclear reactor—one aimed at speeding up the development of atomic power—to some 300 leaders of government and industry today.

A scientist who directs part of the test reactor program said the ETR is "the world's most powerful known test reactor for assisting in the development of nuclear power." The comment was by J. R. Huffman, technical manager of Phillips Petroleum Co.'s Atomic Division at the National Reactor Testing Station.

The AEC said the Engineering Test Reactor (ETR) costs about \$14 million dollars.

**23 Months To Build**  
Papers dealing with the ETR's construction and use were presented to the 300 guests—mostly from private industry—today. It took about 23 months to build the ETR, which went into operation Sept. 19.

The main part is the reactor vessel. This contains the core in which takes place a controlled fission process.

Circulating water carries off heat produced by the fission. This heat is estimated to be enough in one hour to heat three average-sized homes for a year.

**SEEK U. S. LOAN**

**WASHINGTON (P)**—Communist Yugoslavia is exploring this week the possibility of obtaining United States loans to help finance basic Yugoslav industrial expansion.

Talks began today between Yugoslav Finance Minister Avdo Humo and Secretary of State Dulles.

As one of the projects of the Gettysburg High School Boosters Club, the above football schedule board has been erected along the walk from Baltimore St. to the high school building. The board measures 6x12 feet and is painted white and green. The "Follow The Warriors" slogan is in maroon. Sliding panels for schedule adjustments will enable the board to be used in future years with only repainting being necessary.

**LOS ANGELES (P)**—A man accused of passing \$500,000 in worthless checks across the nation in 14 years has pleaded guilty to five counts of forgery.

Municipal Judge C. Newell

Carns yesterday ordered Charles R. Speedie—known to police as "The Traveler"—to appear in Superior Court Oct. 8 for sentencing.

Police say Speedie, arrested

last month in a Cleveland suburb, is wanted in seven states and 150 California municipalities in connection with bogus checks.

ADVERTISE IN THE TIMES

## Says Vermont Has 1,000 More People

**BASIN HARBOR, Vt. (P)**—The head of a Vermont civic group says it is not true Vermont has more cows than people, as had been popularly believed.

Frank Ward, president of the Greater Vermont Assn., told a banquet meeting of the organization last night that he was informed by State Agriculture Commissioner Elmer E. Towne that the state has 1,000 more people than cows.

He did not give any figures. The 1950 census lists Vermont as having 377,747 humans.

**PHILADELPHIA (P)**—Former disc jockey Bob Horn was found guilty last night and ordered to pay \$300 in fine and costs on a drunken driving charge.

Common pleas Judge Peter F. Hagan denied a defense motion for a new trial and gave the defendant 45 days in which to pay the fine. The jury deliberated only 15 minutes before returning the verdict. Horn had testified that he had only "two beers" in the late evening before his June 21, 1956 arrest.

**COATESVILLE, Pa. (P)**—Directors of Lukens Steel Co. reported record sales of \$91,494,385 and earnings of \$8,309,801 for the 36-week period ended Sept. 7. The net income equaled \$8.71 a share and compared with \$4,262.297 or \$4.47 on sales of \$67,699,621 in the similar period of 1956.

The rabbit, hare, beaver, copy and sheep are used mostly for fur in making men's hats. The copy is a member of the otter family.

## SUGGESTS MOON AS SAFE PLACE TO TEST BOMBS

**WASHINGTON (P)**—A University of Maryland scientist today proposed the moon as a safe, remote site for testing hydrogen bombs.

Dr. S. Fred Singer said it will be no greater technical problem to send an interplanetary ballistic missile 240,000 miles to the moon than it will be to launch an intercontinental missile 5,000 miles.

Singer presented his unusual views in a paper prepared for the Congress of the International Astronautical Federation in Barcelona, Spain, next week.

An advance report on his views was published today in *Missiles and Rockets* magazine.

Singer said the testing of missiles with hydrogen warheads, by firing them at the moon, not only would free the earth of radioactive fallout dangers but would provide valuable scientific data.

**LOCK HAVEN, Pa. (P)**—Tests were started Tuesday to determine whether 150 sick students at the Lock Haven State Teachers College are suffering from Asian flu.

Dr. Richard T. Carsons, president of the college, said the illness resembled the flu but that it has not been diagnosed as such.

The students developed the illness in the last few days. All were confined to their room. None of them was reported in a serious condition.

## TELLS STORY OF

(Continued From Page 1)  
ing. One of Mrs. Thorn's children, Peter, resides in Martinsburg, W. Va., Mrs. McMillan said.

**Memorial Paintings Given**  
Next month Miss McMillan will trace the history of the "Ever Green Cemetery Association" from its founding in 1854 that had been announced as one of the topics for Tuesday's meeting but because of the length of the two papers it was decided to divide them into two programs.

President W. E. Tiberg presided at the meeting in the court house basement. A large number of gifts acknowledged during the meeting included presentation of three memorial paintings by Charles Morris Young of Radnor, Pa., a former Gettysburgian.

The three paintings, believed to be local landscapes, were done more than a half century ago by Mr. Young. They were presented to the society by Mrs. John B. McPherson, Watertown, Mass., as a memorial to her husband, son of the late Edward McPherson, of Gettysburg. Miss Margaret McMillan, society secretary, gave a brief sketch of Mr. McPherson's life in making presentation of the memorial paintings. John B. McPherson, builder of the home that is now the Sigma Chi house on Carlisle St., was a former editor of the Star and Sentinel, a former trustee of Gettysburg College and practiced law in Gettysburg from 1896 until 1903.

**Other Acquisitions**  
Edward L. Welkert Jr. reported for the Historical Marker committee that preparations are being made to mark the Monocacy Road, Digges' Choice and the site of the Pfeiffer Academy at New Oxford.

Dr. Frederick Tilberg displayed a collection of nearly 100 stereoscopic views of Gettysburg and the battlefield and a number of daguerotypes of the Sheds family of New Oxford presented to the society by Mrs. George N. Lauffer, of New Oxford.

Mrs. George Ditchburn, reporting for the Genealogical committee, acknowledged the receipt of notes on the Abbott-Adum family history from W. W. Eisenhart of Abbottstown, Harnish family notes from Fred Weiser, and other genealogical material. She said Junior High School has resumed work on copying gravestone inscriptions. She expressed the hope that other high school American history teachers in the county might interest pupils in local history subjects as has been done at Gettysburg.

**Genealogy On Ike**  
Dr. Robert Fortenbaugh, chairman of the Museum committee, displayed a volume, printed in German, of the Eisenhower genealogy which was bought for the society with memorial gifts honoring a former society president, George W. Baker. Dr. Fortenbaugh told the society there is a Gettysburg Post of the GAR in Massachusetts and displayed a banquet program from that post, used in 1890 when it was host to a national GAR encampment. He also noted the receipt of a framed Junior Red Cross certificate for McIlhenny's school issued in 1925 and bearing a number of signatures, among them that of Miss Margaret Howard, chairman of the Junior chapter committee then.

Treasurer Fred G. Troxell said the society has \$210 in its treasury.

**STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912, AS AMENDED BY THE ACT OF MARCH 3, 1932, AND JULY 2, 1946.**

Of The Gettysburg Times, published daily except Sunday at Gettysburg, Pennsylvania, for October 2, 1957, State of Pennsylvania, County of Adams, ss.

Before me, a Notary Public, in and for the State and County aforesaid, personally appeared Frank Baum, who has been duly sworn according to law, and deposes and says that he is the manager of The Gettysburg Times and that the following is to the best of his knowledge and belief a true statement of the ownership, management, circulation, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1932, embodied in a section 537, Postal Laws and Regulations, to wit:

1. That the names and addresses of the publisher, manager and editor are: Publisher, Times and News Publishing Company, a Pennsylvania corporation, Gettysburg, Pa.  
Manager, Carl Baum, Gettysburg, Pa.  
Editor, Paul L. Roy, Gettysburg, Pa.

2. That the owners are: The Times and News Publishing Co., a Pennsylvania corporation, whose stockholders are: George G. Stuber, Gettysburg, Pa.; Mary S. Keith, Gettysburg, Pa.; W. # THREE SWORN INTO OFFICE IN STATE CAPITAL

HARRISBURG (P)—New operating heads took over the State Highways Department and the Pennsylvania Turnpike Commission today.

Lewis M. Stevens, Philadelphia, succeeded Joseph J. Lawler Jr., as secretary of highways in Gov. Leader's cabinet.

Lawler went to the Turnpike Commission as a full-fledged member and was named vice chairman of the five-member agency operating the toll road across the state.

"I am fortunate," Stevens said, "to inherit the devoted work which my predecessor, Joseph J. Lawler, has given the Department of Highways since the start of Gov. Leader's administration."

## Three Take Oaths

Stevens made the comment late yesterday as he and Lawler took the oath of office in their new posts at a ceremony in the governor's office. E. James Trimarchi Jr., Indiana, was sworn in at the same time as another member of the Turnpike Commission.

With Trimarchi's appointment, Leader completed a reorganization of the Turnpike Commission, with four active members and one, Chairman G. Franklin McSorley, under suspension. The governor suspended McSorley after his indictment on a charge of misconduct in office.

## Other Members

In addition to Lawler and Trimarchi, the active members of the Turnpike Commission are John F. Byrne, Philadelphia, and Stevens as an ex-officio member due to his highways post. Lawler served on the commission previously in the same capacity.

Trimarchi succeeded Dr. Merritt A. Williamson, dean of the college of engineering at the Pennsylvania State University. Williamson was named to the commission after McSorley was suspended and served as vice chairman. Williamson returned to his Penn State post.

# "Falling Ice" Is Called "Big Joke"

HARRISBURG (P)—The state police have given up efforts to track down reports of falling ice.

State police across the state last week were asked to be on the lookout for falling ice, which has been reported from a number of places over a period of several weeks.

The alert was cancelled later after four reports were received from as many points.

"As far as we're concerned it's a big joke," commented Lt. Col. A. F. Dahlstrom, deputy police commissioner. "There can't be that much ice dropping from the heavens."

Dahlstrom said checking one of the reports showed that a night watchman dumped some trays of ice onto the concrete.

# REEHER WAIVES EARLY HEARING

NEW CASTLE, Pa. (P)—Dist. Atty. Perry L. Reeher of Lawrence County has waived a preliminary hearing on charges he conspired in the preparation and distribution of allegedly libelous campaign literature prior to last May's primary election.

After waiving the hearing yesterday, Reeher said he would not waive any other basic rights to which he is entitled, specifically presentment of the charge to a grand jury.

This made unlikely a trial in the case until after the November elections. The Lawrence County Grand jury is not scheduled to meet again until December.

Reeher, a Republican, seeks reelection in November.

The state charges the district attorney conspired with eight New Castle residents in preparing and distributing libelous literature attacking the character of political candidates in the primary, including Reeher's opponent for the GOP nomination. The eight previously were indicted.

# Hundreds Of Pupils Absent Due To Flu

PASSAIC, N.J. (P)—Passaic and Garfield High Schools reported Tuesday hundreds of students absent as a result of a flu outbreak.

Passaic High School, where some 400 students—about a third of the student body—were absent, cancelled its football game Saturday against Clifton. Last Saturday's game against E. Rutherford was also cancelled because 23 players had been down with the flu. Most of them were back in class today.

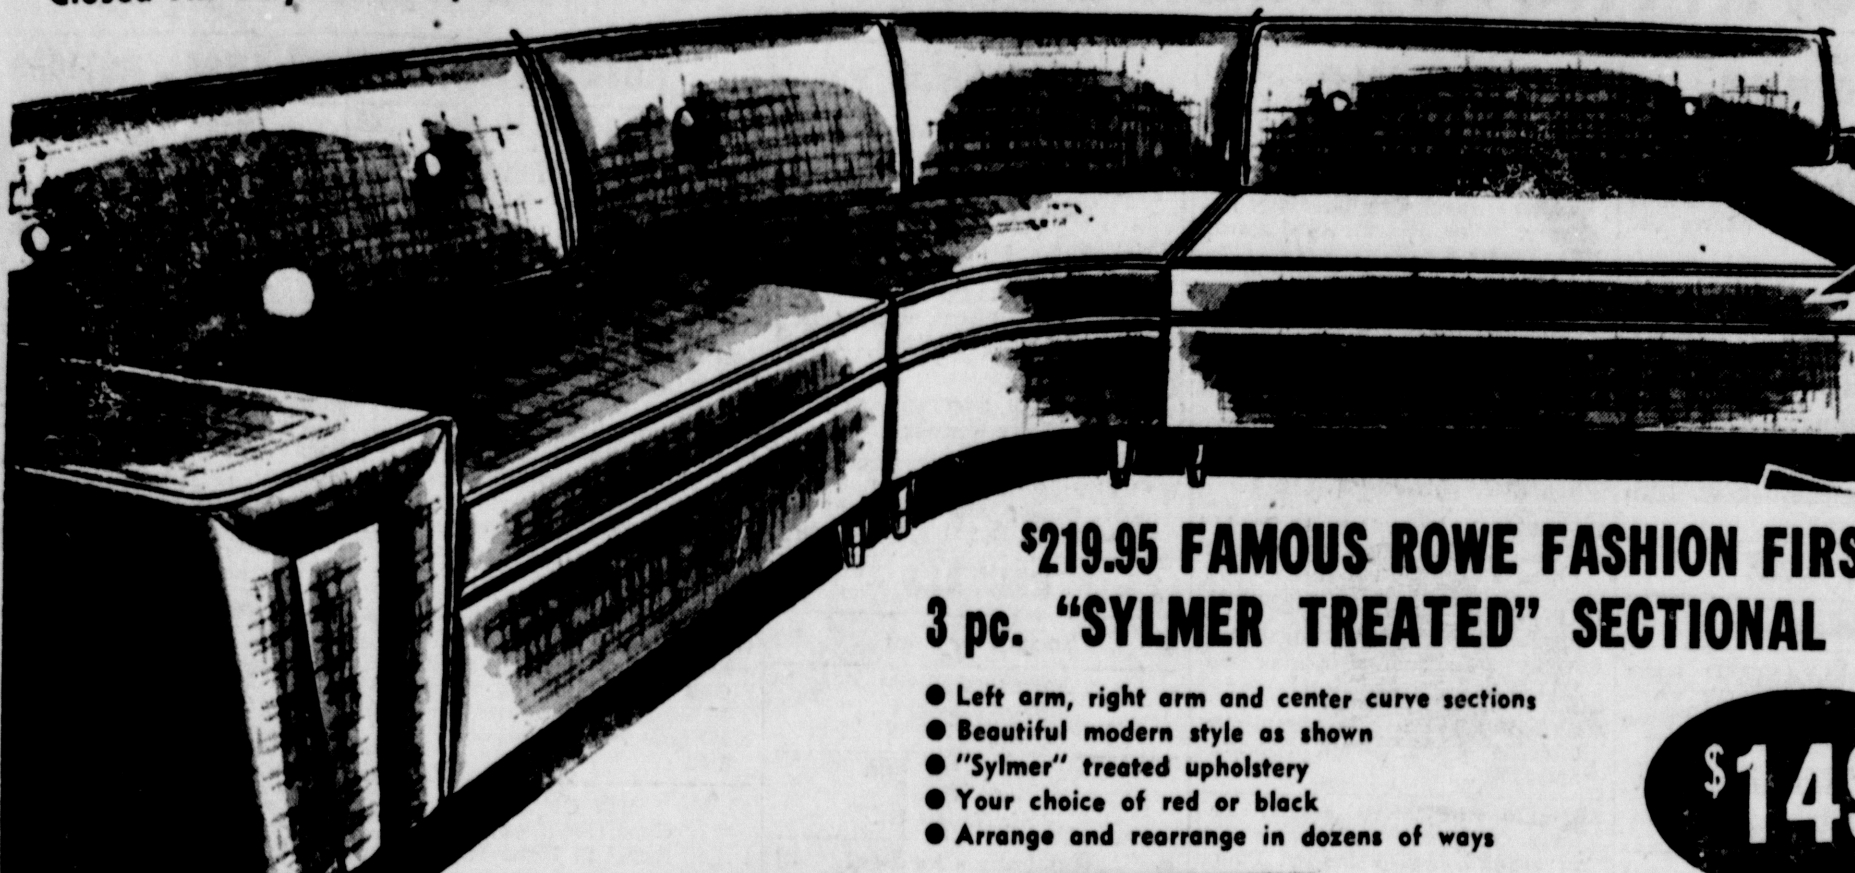

Garfield High reported about 400 students out Tuesday out of a total of 1,035.

PHILADELPHIA (P)—A U.S. District Court jury yesterday found four Pottsville women guilty of possessing and selling narcotics. Bail was set at \$20,000 each pending a ruling on a request for a new trial.

The women are Orestha Gupton, Helen A. Phillips, Kitty Brown and Dorothy Thomas. All are Negroes.

Some compound of every metallic element known—even uranium—is used in ceramic glass.
